

How to dress for your CT Scan

CT Scans of the Body:

Wear clothing that does not have any metal on it, such as belts, zippers, snaps or hooks. This allows us to scan you without you having to put on a gown for the exam. Also remove any necklaces or other jewelry that are in the area that you are being scanned for.

CT Scan of Head/Neck:

Do Not wear any jewelry in the head and neck area. This includes earrings, necklaces, and any other facial piercings.

CT Scan of Extremities:

Do Not wear jewelry on the area being scanned.
