Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2017 through 9/30/2018

Allied Health Student Education

Description: NGMC provides clinical rotations for allied health students. Educational affiliation agreements are maintained with each school/program, and NGMC's education services department ensures completion of all orientation and student health requirements prior to rotations. Most of these students work directly with NGMC staff since there are no instructors on campus, unlike nursing students who are accompanied by instructors.

American Cancer Society Relay For Life

Description: NGMC was the Platinum Sponsor for The American Cancer Society's Relay for Life in Hall County in partnership with The Longstreet Clinic and Northeast Georgia Diagnostic Center. The walk benefits cancer research and community education. NGMC employee donations totaled \$13,000, and over 300 NGMC employees and their families and friends participated. This entry reflects sponsorship and expenses associated with NGMC participation and does not include employee donations. NGMC also sponsors Relay for Life in the following counties: Dawson, Habersham, Hall, Jackson, Lumpkin, Stephens, and White. Barrow County was also supported, but reflected in the NGMC Barrow Community Benefit Report.

Good News Clinics Support

3/27/2019

Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2017 through 9/30/2018

Description: As part of our commitment to improving community health, NGMC provides financial support to Good News Clinics (GNC). NGMC provides GNC with approximately 33% of their operating budget annually. The two organizations are focused on improving patient outcomes and are actively aligning mutual goals. NGMC has also been instrumental in helping to provide a Congestive Heart Failure (CHF) Clinic at GNC. This project has been extremely successful with preventing readmissions of GNC patients with CHF.

Additional health screenings are provided to vulnerable populations at GNC such as prostate screenings. Other services provided include a seizure clinic, diabetes education and management, and there is a registered dietitian on staff who helps patients with lifestyle modifications required for management of heart failure, diabetes and weight loss.

Pastoral Outreach Programs

Description: In FY18, NGMC's pastoral care department, under the leadership of Jeff Thompson, held Clergy Seminars, Continuing Pastoral Education, Critical Incident Stress Management Training, and Lunch and Learn events. About 80 Clergy members from the community participated in these events.

Clinical Pastoral Education (CPE) is an experience based educational learning model for those who want to explore their gifts of pastoral care in an institutional setting. It involves readings, classroom instruction, written assignments, group interaction, individual and group supervision and serving as a chaplain at the hospital. NGMC's Clinical Pastoral Education Program is accredited through The Association for Clinical Pastoral Education, Inc.

Prevent T2 Diabetes Program

Description: NGMC has partnered with the YMCA in Gainesville and Winder to offer a Type 2 diabetes prevention course, as well as, with Good News Clinics to help expand access to the program. This course is taught by a certified facilitator and is designed to offer the group support and encouragement needed to prevent diabetes. This program offers weekly and monthly sessions and uses an evidence-based lifestyle program to help participants (with elevated risk for developing diabetes) understand and choose methods to decrease risk of getting diabetes. This program has received full recognition status through CDC for Prevent T2 Programs! Full recognition means that a program has demonstrated effectiveness by achieving all of the performance criteria detailed in the CDC's Diabetes Prevention Recognition Program Standards. This entry reflects the cost of supplies and staff time facilitating for the program.

Project SEARCH

3/27/2019

Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2017 through 9/30/2018

Description: Project SEARCH provides employment and education opportunities for individuals with mild to moderate disabilities. The program is dedicated to workforce development that benefits the individual, community and workplace. Employers are challenged to increase employment opportunities for qualified persons with disabilities and to advocate on behalf of their employment to other organizations in their communities. The High School Transition Program is a one-year educational program for students with disabilities in their last year of high school. It is targeted for students whose main goal is competitive employment. In FY18, 17 students, one job coach and one instructor participated. The students work 20 hours per week in each assigned department. Mentors are assigned in each department. Mentors also attend a monthly meeting to discuss progress/needs of students. Various NGMC employees, in addition to the mentors, offer assistance and education as needs arise.

STEMI Conference and Cardiology Education

Description: Hosted each year by NGMC, the Northeast Georgia Regional STEMI Conference brings together paramedics, EMS staff and doctors from across the state. They meet to discuss the state of the Northeast Georgia Regional STEMI System – a collaborative effort between Northeast Georgia Medical Center and EMS in 18 counties across the region to provide fast and efficient treatment to patients suffering severe heart attacks known as STEMI (S-T Segment Elevation Myocardial Infarction). STEMI patients are in danger because their arteries are blocked, and blood isn't able to get to the heart, which causes these large heart attacks. The STEMI Program makes sure information about the heart attack is sent to NGMC while the ambulance is en route, so a cardiologist is waiting to restore the patient's blood flow almost immediately after he or she arrives. Keynote speakers at the conference include the nation's leading cardiologists and experts in the study of regional approaches to heart attack care. The 2018 conference educated more than 1,500 medical professionals and first responders.

The STEMI program benefits all patients, regardless of ability to pay. NGMC also provided speakers at 40 events for over over 2,750 people in the community on a wide range of cardiology health topics.

T2 Diabetes Prevention Program

Description: NGMC has partnered with the YMCA to offer a Type 2 diabetes prevention course. This course is taught by a certified facilitator and is designed to offer the group support and encouragement needed to prevent diabetes. This program offers weekly and monthly sessions and uses an evidence-based lifestyle program to help participants (with elevated risk for developing diabetes) understand and choose methods to decrease risk of getting diabetes. We have achieved Full Recognition status through CDC for Prevent T2 Programs! Full recognition means that a program has demonstrated effectiveness by achieving all of the performance criteria detailed in the CDC's Diabetes Prevention Recognition Program Standards. This entry reflects the cost of supplies and staff time facilitating for the program.
