---

**Blue Zones Summit Sponsorship**

---

4/24/2017

Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2015 through 9/30/2016

**Description:** NGMC sponsored the Blue Zone Community Summit in April 2016. As a partner in the Greater Hall Chamber of Commerce's Vision 2030 Health Consortium, this group brought nationally recognized speaker Dan Buettner to Hall County. A National Geographic Fellow, Dr. Buettner is a New York Times best selling author and has delivered over 3,000 speeches to audiences world wide. Buettner has traveled the globe to uncover the best strategies for longevity and identifies Blue Zones (bluezones.com) as places that have the greatest life expectancy. In 2009, Dan and his partner, AARP, applied principles of The Blue Zones to Albert Lea, Minnesota and successfully raised life expectancy and lowered health care costs by some 40%. He's currently working with Healthways to implement the Blue Zones Project in 17 cities throughout America.

Hall County is working toward implementing Blue Zone concepts to make our community healthier and work forces stronger.

---

**Community Health Needs Assessment**

---

4/24/2017

Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2015 through 9/30/2016

**Description:** Northeast Georgia Medical Center (NGMC), with input from the community, completed a Community Health Needs Assessment (CHNA) in 2016. NGMC's assessment included a quantitative and qualitative assessment performed by Truven Health Analytics.

More than 100 public health indicators were evaluated for the quantitative analysis. Community needs were identified by comparing each community's value for each health indicator to that of the state and nation. Where the community value was worse than the state, the indicator was identified as a community health need. After initial community needs were identified, an index of magnitude analysis was conducted to determine the relative severity of the issue.

Input from the community was gathered for the qualitative analysis via focus groups and interviews. Focus group participants and interviewees included community leaders, public health experts, and those representing the needs of minority, underserved, and indigent populations. Additional input from low-income, Latino, and uninsured residents was gathered in the form of a survey conducted by a third party. The study culminated in the identification of 5 priority health needs across the region.

**Good News Clinics Support**

---

**Description:** As part of our commitment to improving community health, NGMC has extended financial support to Good News Clinics (GNC) for FY15. NGMC provides GNC with approximately 33% of their operating budget annually. The two organizations are focused on improving patient outcomes and are actively aligning mutual goals. NGMC has also been instrumental in helping to provide a Congestive Heart Failure (CHF) Clinic at GNC. This project has been extremely successful with preventing readmissions of GNC CHF patients. We will continue to track and monitor this success, as GNC is planning to enhance these services with home visits to newly diagnosed CHF patients by a trained physician assistant with both coronary care experience and research experience.

**Health Sciences Library & Resource Center**

---

4/24/2017

Northeast Georgia Medical Center

Program Detail Full

For period from 10/1/2015 through 9/30/2016

**Description:** The Health Sciences Library and Resource Center at NGMC serves the health information needs of the Northeast Georgia community expanding to 13 surrounding counties. Consumers, patients and their family member have access to credible resources relating to medical symptoms, conditions and treatments. Links are also provided online at: [www.nghs.com/library](http://www.nghs.com/library). The Resource Center encourages visitors to make healthy choices and become active, informed partners in their healthcare. In 2016, welcomed 11,529 visitors to the Consumer side of the library. This was 40% of total library traffic.

#### Oncology Research

---

**Description:** In FY16, NGMC had an average of 45 clinical research studies available to patients in the community and enrolled 150 patients into clinical trials. The studies run the spectrum of breast, lung, colon, prostate, bladder and thyroid cancers. Cancer treatment may be multi disciplinary and include chemotherapy, radiation therapy and surgery. The majority of research studies are opened through the National Cancer Institute oncology cooperative groups. We also conduct research through the Sarah Cannon Research Consortium.

**Pastoral Outreach Programs**

---

**Description:** In FY16, NGMC's pastoral care department, under the leadership of Jeff Thompson, held Clergy Conferences, Continuing Pastoral Education Classes, and Pastoral Crisis Intervention Programs. Over 60 clergy members from across North Georgia participated in these events.

Clinical Pastoral Education (CPE) is an experientially based educational learning model for those who want to explore their gifts of pastoral care in an institutional setting. It involves readings, classroom instruction, written assignments, group interaction, individual and group supervision and serving as a chaplain at the Medical Center. NGMC's Clinical Pastoral Education Program is accredited through The Association for Clinical Pastoral Education, Inc.

#### Project SEARCH

---

**Description:** Project SEARCH provides employment and education opportunities for individuals with mild to moderate disabilities. The program is dedicated to workforce development that benefits the individual, community and workplace. Employers are challenged to increase employment opportunities for qualified persons with disabilities and to advocate on behalf of their employment to other organizations in their communities. The High School Transition Program is a one-year educational program for students with disabilities in their last year of high school. It is targeted for students whose main goal is competitive employment. In FY16, 19 students, 2 job coaches and one instructor participated. The students work 20 hours per week in each assigned department. Mentors are assigned in each department. Mentors also attend a monthly meeting to discuss progress/needs of students. Various NGMC employees, in addition to the mentors, offer assistance and education as needs arise.

**Safe Kids Gainesville Hall/County**

---

**Description:** Northeast Georgia Medical Center serves as lead agency for Safe Kids Gainesville/Hall County. The mission of Safe Kids is to reduce unintentional injuries and death in children 14 and under. In FY16, Safe Kids provided over 300 programs and events that reached an estimated 50,000 children and their family members, teachers and caregivers. Through these programs, over 5,890 safety devices were distributed to families who were in need of them. Safe Kids was funded in FY16 by The Medical Center Foundation's Healthy Journey Campaign.

#### Sports Medicine Athletic Care

---

**Description:** The Sports Medicine Athletic Training Department provides medical care to area middle and high school athletic programs as well as 2 local colleges and many other local sports venues, programs, and departments. The trainers provide this care during practices and games throughout the year. They provide injury assessment, rehabilitation, taping/bracing, exercise prescription, referrals to sports medicine physicians, environmental awareness (heat and lightning) as well as concussion management. Since there is a partial marketing value, expenses are only counted at 50%.

#### Staff Time: Employee Giving Club and Medical Center Open

---

**Description:** This entry reflects employee staff time devoted to raising funds for The Medical Center Foundation's employee giving club. Funds raised help support projects such as Safe Kids of Gainesville Hall County and donations to support the work of the American Heart Association, American Cancer Society and March of Dimes.

The entry also reflects staff time in raising funds for a community health project through the annual Medical Center Open Golf Tournament. This tournament benefits a community project that has a significant impact on a specific health need. In October of 2015, the golf tournament raised \$281,881. The tournament's beneficiary was the Think About It campaign's Project DAN where proceeds fund initiatives to reduce widespread drug abuse and reduce deaths from opioid overdose by providing law enforcement with lifesaving Naloxone and training for its use.

### STEMI Conference and Cardiology Education

---

**Description:** Hosted each year by NGMC, the Northeast Georgia Regional STEMI Conference brings together paramedics, EMS staff and doctors from across the state. They meet to discuss the state of the Northeast Georgia Regional STEMI System – a collaborative effort between Northeast Georgia Medical Center and EMS in 15 counties across the region to provide fast and efficient treatment to patients suffering severe heart attacks known as STEMI (S-T Segment Elevation Myocardial Infarction). STEMI patients are in danger because their arteries are blocked, and blood isn't able to get to the heart, which causes these large heart attacks. The STEMI Program makes sure information about the heart attack is sent to NGMC while the ambulance is en route, so a cardiologist is waiting to restore the patient's blood flow almost immediately after he or she arrives. Keynote speakers at the conference include the nation's leading cardiologists and experts in the study of regional approaches to heart attack care.

The STEMI program benefits all patients, regardless of ability to pay. NGMC provided speakers at 39 events for nearly 4,000 participants on a wide range of cardiology health topics, from compression only CPR to STEMI (S-T Segment Elevation Myocardial Infarction) in FY16.

STEMI patients suffer severe heart attacks and are in danger because their arteries are blocked and blood isn't able to get to the heart. The STEMI Program makes sure information about the heart attack is sent to NGMC while the ambulance is en route, so a cardiologist is waiting to restore the patient's blood flow almost immediately after he or she arrives.

**Gender:** Both Males and Females  
**Department:** 255 (Community Health Improvement)  
**Department Contact:** Christy Moore (98097)  
**Staff Hours:** 0.00  
**Volunteer Hours:** 0.00  
**Persons:** Unknown  
**Expenses:** 500  
**Revenues:** 0  
**Benefit:** 500

---

**Support to Foothills AHEC**

---

**Description:** Foothills Area Health Education Center is a community-driven, non-profit corporation, supported by federal and local sources. The mission is to increase the supply and distribution of healthcare providers, especially in medically underserved areas. Through joint efforts, communities experience improved supply, distribution and retention of quality healthcare professionals. Foothills AHEC serves 31 counties in the Northeast Georgia area. This entry reflects employee benefits packages, phone, utilities and cleaning service expenses provided by NGMC.

**Category:** F8

**Youth Apprenticeship Program & Mentorship Program**

---

**Description:** This entry includes the Youth Apprenticeship Program whereby high school students come into the hospital and work for one class period in their day; 64 students participated this year and rotated through multiple hospital departments. The expense in this entry reflects a portion of staff time spent with students. Also, this entry covers mentorship students, juniors and seniors in the Hall County School System, who are matched with a healthcare professional in their area of interest as part of a real-life career experience in an honors level elective. In FY16, 18 students participated in this program.

**Category:** F8
