

Don't take
the risk.

Get your
flu shot early.

HELP OUR COMMUNITY FIGHT THE FLU

Due to the COVID-19 pandemic, it's more important than ever that we protect ourselves and our loved ones from the flu. The flu vaccine is the most effective way to prevent the flu, and the CDC recommends everyone six months and older should get a flu vaccine before the end of October.

Visit nghs.com/flu to get information about flu shots near you!
