# note from chris

---

In times such as these, when we are faced with daily uncertainty, community matters more than ever. As we navigate this new, challenging landscape and road ahead, we do so together — as one. Knowing we have steadfast supporters and friends like you, who embody the spirit of philanthropy, is both humbling and inspiring. We know that together, we will continue to grow and thrive.

We are thinking of you and we hope that the 2019 Foundation Donor Report stories of community, compassion and kindness will fill you with pride and brighten your day.

To your health,

A handwritten signature in blue ink that reads "Chris".

Chris Bray  
President & Chief Development Officer

# employee giving

## EMPLOYEE EMERGENCY FUND

Emergencies can happen at any time. Often, they threaten our ability to maintain employment, pay bills or keep stable housing. Because of the compassionate people in our employee giving club, WATCH, the Employee Emergency Fund was able to offer one-time emergency assistance to employees in dire circumstances. From house fires and surgical recovery to staggering losses, these funds will continue to help future employees through hard times.

**MORE THAN  
\$100,000**  
DISTRIBUTED THIS YEAR TO EMPLOYEES  
ACROSS THE SYSTEM TO ASSIST DURING  
DIFFICULT TIMES

## COMMUNITY WALKS

Thanks to the generous funding of WATCH, Northeast Georgia Health System (NGHS) employees participated in various community outreach activities, including sponsoring and attending annual wellness walks for March of Dimes, the American Cancer Society and the American Heart Association.

## WATCH WALKWAY IN BRASELTON

WATCH helped create a destination of hope, healing and wellness at Northeast Georgia Medical Center (NGMC) Braselton by funding the installation of a  $\frac{3}{4}$  mile walking trail. Enjoyed by visitors, staff and our community, the WATCH Walkway is a testament to our generous employees and their desire to improve health beyond the bedside.

## CHANGE GRANTS

Change Grants are a vehicle for employees to submit their improvement ideas to the NGHS Foundation for funding consideration. WATCH funds selected projects designed to enhance the patient experience, improve employee morale or impact patient and family satisfaction.

### AMONG THE FUNDED CHANGE GRANT PROJECTS:

- Donate Life Flagpole at NGMC Gainesville:** In April 2019, a new flagpole was installed on the NGMC Gainesville campus, funded by employees through the NGHS Foundation. The flagpole flies a Donate Life flag each time one of our patients gives the gift of life by becoming an organ or tissue donor.
- Caring Kids Visit Long-Term Care Residents:** Residents of NGMC's long-term care facilities, New Horizons Limestone and Lanier Park, received gifts from special visitors thanks to the generosity of NGHS employees. More than 20 children of employees and their friends visited the facilities on July 23 to interview the residents and to ask them what items they wished for. Hundreds of items were purchased, then distributed, by the children when they returned on July 31. A wide variety of items were shared – snacks, blankets, board games, self-care items and more – but the true gift was the time the children spent visiting with the residents.
- Mobile Device Charging Stations:** Thanks to employee donors, NGHS was able to install new mobile device charging stations throughout our four hospital campuses for patients and visitors to use while in waiting rooms.

# community giving

## LOCAL DESIGNER WINS NATIONAL AWARD AND DONATES PROCEEDS TO DEMENTIA SUPPORT GROUP

Malia Bolt, owner of Purple House Gallery in Gainesville, won the Larson-Juhl Design Star competition in 2017. As part of her winnings, a portion of the profits from the first year of sales was donated to a charity of her choice. Bolt chose the Northeast Georgia Health System (NGHS) Foundation as her beneficiary and designated the gift to be used by Northeast Georgia Physicians Group (NGPG) for their Dementia Support Group.

"I was honored to win the design competition and to be able to donate a portion of the proceeds to a worthy cause," said Bolt. "I knew I wanted to donate to the NGHS Foundation in support of dementia care because my father has dementia."

I'm so glad the money will go to supporting caregivers participating in the support group, which helps many families going through hardships similar to mine."

NGPG's Dementia Support Group was created to meet a need identified by staff members for a support group for family members, friends and caregivers of those living with dementia. The group meets monthly and provides a caring community for education, support and fellowship.

## GRADUATE MEDICAL EDUCATION

### HENRY S. JENNINGS VISITING LECTURESHIP IN MEDICAL HUMANITIES

In October, our Graduate Medical Education (GME) program hosted the inaugural Henry S. Jennings, Jr., MD, (pictured below left) Visiting Lectureship in Medical Humanities, featuring C. Michael Valentine, MD, (pictured below center) a senior cardiologist at the Stroobants Cardiovascular Center of Centra Health in Lynchburg, Virginia. The lectureship was created through a signature gift to the Northeast Georgia Health System (NGHS) Foundation by the family of Henry S. Jennings, Jr., MD. Dr. Jennings was truly a local pioneer and founder of the healthcare system we enjoy today in Gainesville and Hall County. The Jennings Lectureship series provides opportunities to advance medical education in our region that otherwise would not be available – presented by some of the best educators in our nation.

### THE CAROL H. BURRELL PROFESSORSHIP IN MEDICAL EDUCATION

Thanks to the generosity of Dot and Don Pirkle's lead signature gift, the NGHS Foundation has endowed GME's first professorship: The Carol H. Burrell Professorship in Medical Education. This endowment was created to honor president and CEO, Carol Burrell (pictured above right), a visionary leader of NGHS. The professorship was also supported by matching gifts from the NGHS Auxiliary, Philip & Mary Hart Wilheit, Jack & Janice Frost and Billy R. Jones. Because of the supporters' belief in educating healthcare leaders of tomorrow, the GME program will continue to honor Burrell and her lasting legacy by creating and implementing advanced learning programs that will serve the resident physicians, patients and the mission of GME through the professorship.

### NGMC LUMPKIN RECEIVES FIRST GIFT

The Vulcan Foundation, a great community partner and supporter of Northeast Georgia Medical Center (NGMC) Braselton, donated the first philanthropic gift to NGMC Lumpkin to purchase much needed bedside ultrasound equipment.

## INNOVATIVE HEALING ENVIRONMENTS

### CARDIAC CARE LEADERSHIP LEGACY

Because of our community's strong belief in supporting healthcare innovation, the Ronnie Green Heart Center, Woody Stewart Heart Failure Treatment Unit and the W.D. Stribling Heart Clinic exist to provide the best cardiac care in our state. Named Georgia's #1 Heart Hospital for 12 consecutive years by CareChex, NGHS continues to provide patients with award-winning care close to home.

NGHS embraces that kind of philanthropic and innovative thinking, and will continue to grow the GME program and other expansion plans across northeast Georgia. Currently, community members, partners and sponsors have the ability to show support of healthcare education, impact community health improvements and shape the future of health care in our region through philanthropic support opportunities.

### ADVANCING GRADUATE MEDICAL EDUCATION

In its inaugural year, our GME program welcomed 26 physicians to NGMC. In November 2019, community leaders, supporters, GME faculty, physicians, senior leadership and special guests were treated to a hard hat tour of Medical Park 2, which was being renovated to expand the GME program and provide more physician space. New facilities include the Lecture Hall, Learning Labs, Service Pods, the Residents' Lounge and Consultation rooms.

The NGHS Foundation has committed to securing \$4 million to support this expansion, and as a result, several donors have invested in the expansion. Currently, naming opportunities are available at Medical Park 2 and on the ground floor of NGMC Gainesville.

**BRASELTON WATER FEATURE GIFT  
COURTYARD WATERFALL DEDICATED AT NGMC BRASELTON**

In May, Northeast Georgia Medical Center Braselton celebrated the dedication of the Courtyard Waterfall, made possible by a signature gift to the Northeast Georgia Health System (NGHS) Foundation by NGHS Trustee Jane B. Smoot and her husband, Chris. The beautiful water feature creates a naturally serene place for patients and families to rest, reflect and re-energize.

# 'no shave' November

Barrow County EMS participated in 'No Shave November' in support of our community and cancer services. During the month of November, they grew out their beards to support Cancer Services.

TO SUPPORT CANCER  
CARE AT NGMC

## LUNG NAVIGATION AND CANCER SERVICES

### NGMC FIRST TO OFFER NEW LUNG NAVIGATION SYSTEM FOR CANCER PATIENTS

Northeast Georgia Medical Center (NGMC) Braselton became the region's first hospital to offer a new, minimally invasive diagnostic technology for patients with pulmonary nodules that are suspicious for lung cancer. Navigational bronchoscopy uses a system made possible by funding through the Northeast Georgia Health System Foundation. This innovative technology allows easier access for sampling of suspicious lung lesions and will improve both patient outcomes and lung cancer survival rates.

NGMC's Cancer Services program offers many new and innovative cancer treatments, providing award-winning treatment for our community. In fact, NGMC's program was the only one in Georgia - and one of only 24 programs in the nation - to receive the 2018 Outstanding Achievement Award by the American College of Surgeons Commission on Cancer, its highest level of recognition based on standards of care assessed during an accreditation survey.

# holiday giving

## GIFTS TO CHILDREN

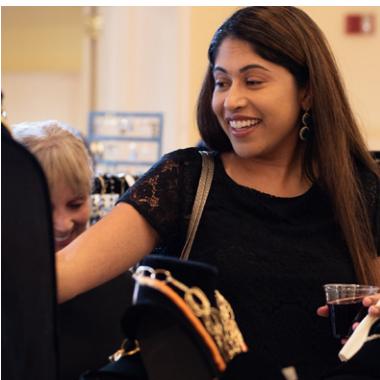

This holiday season, some of our smallest and most fragile patients received gifts from special visitors, including Santa and Mrs. Claus.

Thank you to everyone who supported Northeast Georgia Medical Center by providing snacks, supplies and toys to our pediatric patients during their hospital stays.

## MARKETPLACE BENEFITTING SAFE KIDS

2019 was an exciting year for our local Safe Kids coalition. Thanks to the generosity of our supporters, the program has evolved to become Safe Kids Northeast Georgia and expanded its impact into Barrow County. Safe Kids Northeast Georgia is proud to continue keeping the children in our region safe.

## LOVE LIGHT HONORS HOSPICE OF NGMC

The Northeast Georgia Health System Auxiliary's Love Light campaign raised a total of \$76,788 to benefit Hospice of Northeast Georgia Medical Center (NGMC). These generous gifts were celebrated at our annual Love Light tree lighting celebrations at each of our hospital campuses – Including the inaugural NGMC Lumpkin Love Light ceremony.

### THANK YOU TO OUR 2019 LOVE LIGHT HOSTS!

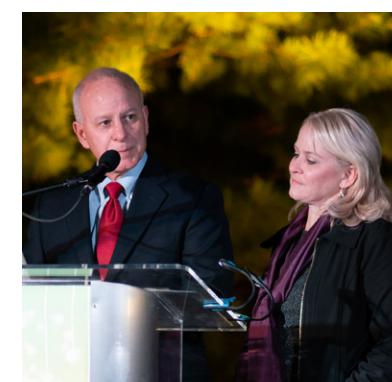

NGMC Gainesville – Dr. Anup and Kathy Lahiry  
NGMC Braselton – Dr. Mike and Leigh Anne Day

NGMC Barrow – Rev. Calvin Haney  
NGMC Lumpkin – Dr. Donna Whitfield

### HOSPICE HELPS

In 2016, Maria and David were happily celebrating their son's 10th birthday and the news that they were expecting their second child. Filled with enthusiasm, Maria and David began preparing for their growing family. During a routine ultrasound, excitement changed to fear when an abnormality was discovered. After visiting with a specialist, Maria and David were given news that no parent ever wants to hear. Their unborn child had an untreatable, terminal birth defect. Overwhelmed and heartbroken, they were referred to Hospice of NGMC to guide them through the remainder of the pregnancy and birth. Since then, Maria and David have welcomed a new son, Ethan, into the world.

"Hospice was there for us the moment we arrived," said Maria. "They helped us navigate the hardest time in our lives. We couldn't have done this without them."

# physician giving

## JAMES H. DOWNEY SOCIETY

Peach State Bank & Trust generously gifted Northeast Georgia Medical Center's Graduate Medical Education Program residents with a one-year membership in the James H. Downey Society. The Downey Society, part of the Northeast Georgia Health System Foundation, is made up of active and retired physicians who are dedicated to improving health locally through philanthropic efforts. This generous gift has given our first cohort of resident physicians the opportunity to join other regional physicians in impacting the health of our community.

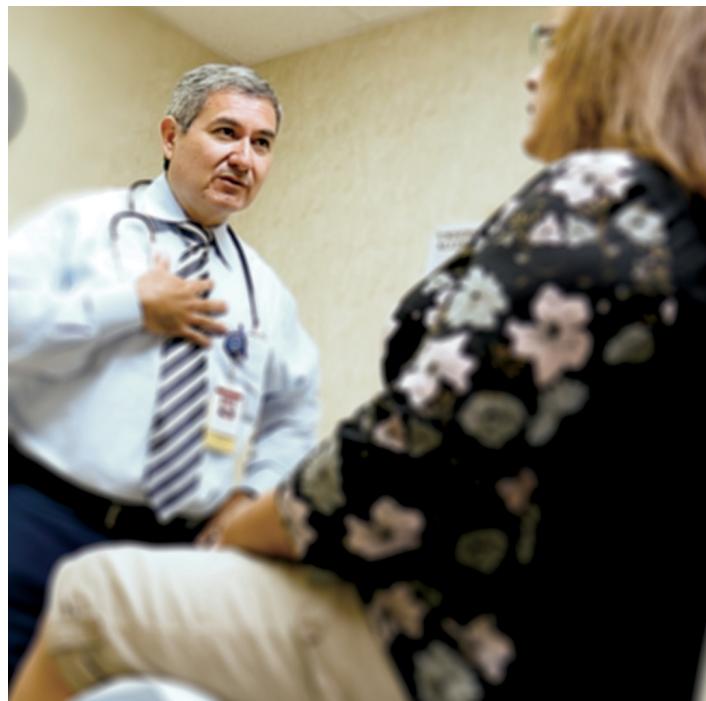

## DOWNEY SOCIETY SUPPORTS INTEGRATIVE TECHNOLOGY AT GOOD NEWS CLINICS

Thanks to a \$100,000 gift from the Downey Society, Don and Dot Pirkle and the R. Howard Dobbs, Jr. Foundation, and gifts from others, Good News Clinics (GNC) has been enabled to work toward implementing Epic technology, improving patient care delivery.

In October 2017, Northeast Georgia Health System installed Epic as its electronic health record system, connecting patients and healthcare providers to medical records, which enables easy access and collaboration with fewer barriers and inefficiencies. GNC's transition to Epic takes the cumbersome, time-consuming process of faxing physician orders and medical histories and replaces it with quick, electronic referrals between community partners who have easy, shared access to a patient's record.

“IMPLEMENTING EPIC WILL ALLOW EACH PATIENT TO HAVE ONE CHART THAT WILL FOLLOW THE PATIENT THROUGHOUT THEIR CARE,” SAID ANTONIO RIOS, MD, CHIEF PHYSICIAN EXECUTIVE FOR NORTHEAST GEORGIA PHYSICIANS GROUP, DOWNEY SOCIETY MEMBER AND GNC PHYSICIAN VOLUNTEER. “IT DOESN’T MATTER IF THE PATIENT IS IN THE HOSPITAL, THE EMERGENCY DEPARTMENT OR A CLINIC — ALL CLINICIANS WILL BE ABLE TO ACCESS THE SAME INFORMATION.”

\*Update: In June 2020, we successfully completed fundraising and implemented Epic technology at GNC.

“We are so thankful for all of our generous physicians who not only give their time to care for our patients, but also their resources,” said Liz Coates, executive director of Good News Clinics. “This gift is huge for GNC, as we have a great need for this technology to improve efficiency.”

# community events

## MEDICAL CENTER OPEN RAISES FUNDS FOR THE HUB

The 28th annual Medical Center Open golf tournament raised a record-breaking \$340,000 for construction of The Hub, a student success center at Gainesville High School, to serve all Hall County teens and their families. The new center will provide students resources for academic success and workforce training development as well as mental and behavioral health services.

"WE COULD NOT BE MORE GRATEFUL TO ALL OF THE PARTICIPANTS OF THE MEDICAL CENTER OPEN AND TO THE NORTHEAST GEORGIA HEALTH SYSTEM FOUNDATION FOR MAKING THE HUB THIS YEAR'S BENEFICIARY," SAID TONYA SANDERS, DIRECTOR OF THE HUB. "WE KNOW THIS SUCCESS CENTER WILL TOUCH COUNTLESS LIVES AND HAVE A POSITIVE RIPPLE EFFECT ON OUR COMMUNITY AS A WHOLE."

We would like to thank all of our golfers and volunteers, as well as the following businesses and individuals, for their tremendous support of the 2019 Medical Center Open golf tournament.

In the last 28 years, our generous community has invested more than \$4.4 million to support community health improvement initiatives through The Medical Center Open. Thank you for your amazing support!

## MOBILE SIMULATION UNIT BEGINS SERVICE IN THE COMMUNITY

Thanks to funds raised through the community and the 2018 Medical Center Open, Northeast Georgia Health System's (NGHS) new mobile simulation unit has arrived and will hit the road in 2020.

### NGHS SIMULATION TEAM HONORED

The NGHS Simulation Team received the Association for the Advancement of Medical Instrumentation's most prestigious honor, the Laufman-Greatback Award, which recognizes an individual or group that makes a unique and significant contribution to the advancement of healthcare technology and systems, service, patient care or patient safety. The new mobile simulation unit will provide technology and mobility, furthering quality health care and training in our region.

“Using the simulation unit, we’re able to build a bank of experience that we can draw from in a time of real crisis without the risk of harming actual patients,” said Dr. Michael Appel, chief patient safety officer for Northeast Georgia Health System. “Simulation enables us to refine both our technical and teamwork skills, so we can raise the bar and deliver the highest quality health care possible.”

## VOLUNTEERS MATTER

The Northeast Georgia Health System (NGHS) Auxiliary has now contributed two million hours of volunteer service to NGHS, a cumulative value of \$50.8 million – and more than \$8.5 million in monetary contributions to benefit NGHS.

At the 2019 volunteer appreciation banquet, we recognized the Lifeline Program of Northeast Georgia Medical Center (NGMC) for 35 years of exceptional emergency response service to the northeast Georgia community. Lorena Camp Collins was recognized for a lifetime of loyal volunteer service to NGMC. Lorena began volunteering with Hall County Hospital in 1963 and has donated 56 years and 25,500 hours of service.

During the summer's Teen Volunteer Program, 123 teens from 36 high schools donated 5,423 hours of service across the system.

# lifetime donors

It is our honor to present donors whose generosity and cumulative pledges and giving has earned them lifetime recognition. These individuals, families and organizations truly exemplify philanthropy and what it means to improve the health of the community, and we are forever grateful. Without their support, Northeast Georgia Health System would indeed be a different place; from campus upgrades to enhancing technologies and equipment, to helping serve those in need to partnering with other organizations to bring needed projects to life, these donors have forever left their mark on northeast Georgia.

\*Denotes a deceased donor.  
As of December 31, 2019:

## SIGNATURE DIAMOND (\$1,000,000+)

### INDIVIDUALS AND ESTATES
