PLEASE JOIN US ON THURSDAY, OCTOBER 7 FOR THE 2021 MEDICAL CENTER OPEN AT CHICOPEE WOODS!

This year the Medical Center Open (MCO) is funding a critical community program aimed at addressing a raging mental health crisis. In partnership with United Way and the Gainesville Police Department, your participation in the MCO will fund a Mental Health Co-Responder program. This unique program, aiming to create a National model, addresses how law enforcement responds to mental health calls by pairing a professional counselor with officers on patrol. The counselor helps officers provide support and community resources, achieve de-escalation and stabilization, and directly impacts the individual and families dealing with a true mental health crisis. This program is serving everyone involved when the nature of the call is not criminal.

Launched with support for the North Georgia Community Foundation in 2020, this program has already had a huge impact on emergency calls in Gainesville and beyond. Anjana Freeman, licensed counselor, has been able to help officers identify mental health crises before they escalate and has worked directly on the scene to provide mental health information and resources to those in need.

Please join us and become a sponsor today! Your generosity is truly creating a program that meets the needs of our community and will impact many lives for years to come.

Learn more at nghs.com/mco.
