A MESSAGE
FROM DR. BROWN

It was a year like no other we have witnessed in our lifetime: 2020. Through all the challenges and struggles, we faced it together. Last year, our community expressed amazing compassion and gratitude for Northeast Georgia Health System (NGHS) by supporting our team in creative and thoughtful ways. While we cared for patients – you cared for us. Through financial gifts, meals, encouraging cards and signs posted at our facilities, self-care kits and wellness programs for our frontline workers – you showed up in a mighty way – and demonstrated to us how much you appreciate YOUR healthcare system.

We are so thankful for you and grateful you chose to stand by us in a time of great need. With that in mind, I am honored to share the 2020 Annual Donor Report with you. It was definitely a unique year, and we are so grateful for all you did to support us when we needed it most.

We are very grateful for your hearts, hands and prayers.

In gratitude,

A handwritten signature in blue ink that reads "P.F. Brown III".

Pierpont F. (Pepper) Brown III, MD
NGHS Foundation, board chair

03

COVID-19 Relief fund

While the medical staff, physicians, front-line and support staff all worked tirelessly to protect the community, the community responded in return. Donations to the Northeast Georgia Health System (NGHS) COVID Relief Fund have helped our heroes deal with the mental anguish, heartache, fatigue and dangers that 2020 brought. Together, we made it through the year. Thank you to everyone who gave so selflessly to our healthcare heroes!

IN OUR GREATEST HOUR OF NEED, FREE CHAPEL WORSHIP CENTER WAS ONE OF THE FIRST COMMUNITY ORGANIZATIONS TO OFFER HELP. THEY HAVE SUPPORTED OUR FRONT-LINE STAFF WITH MEALS, GIFT CARDS, SIGNS AND MORE. WE ARE SO GRATEFUL FOR THE GENEROSITY AND PRAYERS.

04

V.C. and Mary Puckett CENTER FOR SPIRITUAL CARE OPENS

For more than 65 years, a mighty team of chaplains, residents, volunteers and staff have been shepherding patients and families, experiencing some of life's most difficult moments, through our Pastoral Care department. As the pandemic lingered over the past year, the demand for this type of compassionate care has changed and grown. The Pastoral Care team has been serving a more and more diverse range of people – facing a myriad of challenges. In addition to being available to patients and families in 2020, our own staff was hurting and burning out through a relentless pandemic. It became clear some adjustments to the scope of the department needed to be made.

Out of the challenges of COVID-19, a new vision for the department arose. Thanks to the V.C. and Mary A. Puckett Foundation, the center, located at Northeast Georgia Medical Center Gainesville, was renovated and transformed into the V.C. and Mary Puckett Center for Spiritual Care, a welcoming place that offers emotional and spiritual support for those in need. The new space has an

enhanced lobby, larger reception and conference space, lockers and bathrooms for round-the-clock chaplains, as well as a few new welcoming touches that reflect the services provided. The new center offers a more calming and hospitable environment for everyone.

"This is really for all people who come in contact with the Spiritual Care department," said Chris Jennings, director of Spiritual Care. "We want to serve them in the best way possible, and this renovated space will help us achieve that."

"V.C. always cared so much about the people around him – friends and family, church members, customers and especially his employees," said Mary Puckett of her late husband. "I wanted to make sure that together, even after he passed, we could do something to help care for those around us. Having the Puckett Center for Spiritual Care carry our family name is a great honor, and I know V.C. would be proud."

Career Advancement

OPPORTUNITIES

Over the past decade, Northeast Georgia Health System (NGHS) has grown exponentially. Today, we employ more than 9,000 people, which places us among the top 20 largest employers in metro Atlanta and beyond. As the system grows, we are focused on helping our NGHS family grow and expand their careers.

Through generous gifts to an emerging workforce development program, NGHS employees can now gain essential training to advance their healthcare careers. Thanks to the generosity of Lona Pope, we were able to create the Richard and Lona Pope Scholarship and send NGHS employees to Lanier Technical College to enroll in the Nurse Aid program, and ultimately, to become patient care technicians. These employees are currently enjoying new jobs at NGHS and are on the path to a brighter future and a rewarding career.

"My husband, Richard, was passionate about quietly helping and giving people a hand up. This scholarship allows our family to help members of the community achieve their dreams of advancing their careers," said donor Lona Pope.

Our first class could not be more appreciative to Lona, as one of the employees completing certification stated, "As a single mom, I have always wanted to pursue a higher education but did not know how to start. When I heard about the workforce development program, I knew it was for me. In my new role as a patient care technician, every day, I can help our patients smile, lend a caring ear and share some laughs. Laughing can help people heal. My kids are so proud of me, I hope they see that once you put your mind to something, you can do anything."

FOUNDATION CONFERENCE ROOM DEDICATED TO *Nancy D. Colston*

What a joy it was to surprise our former president by dedicating the Nancy D. Colston Conference Room last year. While the pandemic changed the plans, we were still able to celebrate Nancy with a few of her close friends and former board members in the recently renovated space. The room recognizes Nancy's twenty years of dedicated service as president of the Foundation. The carefully selected and created art celebrates Nancy's accomplishments. From the opening of the Ronnie Green Heart Center to the Woody Stewart Heart Failure Treatment Unit, to making numerous spaces of beauty and healing, Nancy's leadership is evident throughout NGHS, and we are so pleased to celebrate her legacy through this named space.

SEPSIS e-Alert Team LAUNCHED

Sepsis can be deadly, but thanks to your generosity, Northeast Georgia Medical Center launched the Sepsis eAlert Team (SeAT), developed to impact the path of a patient's care by using artificial intelligence to identify the risk of developing sepsis. In the beginning, sepsis is hard to recognize but easy to treat, and in the end, easy to recognize but hard to treat. It can be vicious; early detection and treatment is critical to successful outcomes. Thanks to SeAT, sepsis navigators cross-check and collaborate with the primary care teams to ensure sepsis is identified early and treated appropriately. In 2020, 499 patients were helped by the team through alteration of their treatment to prevent sepsis, proving that together, donors can help empower life-saving decisions every day.

"FOR EACH PATIENT TREATED,
THE SEAT TEAM PLACES A MARBLE IN
A VASE IN OUR DEPARTMENT TO REMIND
US OF THE IMPACT ON EACH PATIENT'S
LIFE," SAID CAROL ANN GELDERMAN,
NURSE MANAGER FOR OUR
SEPSIS PROGRAM.

MEDICAL CENTER OPEN *On your own*

In response to COVID-19, the Medical Center Open (MCO) golf tournament transformed to take on a new look and format. In an effort to adhere to social distancing guidelines and infection control efforts, the Foundation opted to offer a play on your own alternative. This ended up being a great solution!

"COVID-19 has forced us to think of creative ways to do things, and this tournament was no exception," said Chad Copper, MD, co-chair of the MCO committee. "Pivoting to the new 'On Your Own' format allowed us to

follow social distancing guidelines while continuing to raise money, recognize our sponsors and rally community support when Northeast Georgia Health System (NGHS) needed it most."

Golfers played their rounds during the month of October at Chicopee Woods Golf Course, competing to win the coveted Woody Stewart Trophy, which was awarded to the Brenau University team, pictured above: Jason DeJiacomo, Rob Fowler, Pete Miller and Mike Smith.

Raising more than \$306,000 to benefit the NGHS COVID Relief Fund, it was exciting to see such creativity in action, and we are so thankful for all of our sponsors, teams and players who supported the cause. By offering new sponsorship levels, new engagement opportunities and making small shifts in the tournament, we were able to successfully host one of the only "events" in 2020, making new friends along the way.

"We were so blessed to be able to participate in the tournament this year and had a great time hosting the Facebook live broadcast," said Casey Ryals, co-founder of Ryals Brothers. "It is extremely important to our company and our families to give back and to help our region have the best health care around by supporting NGHS."

Since 1997, the MCO has raised more than \$4.7 million in support of health improvement initiatives. Thank you for all of your support over the years!

Through WATCH, amazing transformations have happened over the years – from walking trails to a therapeutic music program, from providing financial assistance to employees in need to a learning library at Northeast Georgia Medical Center Barrow – to funding employees' improvement ideas through Change Grants – members of WATCH truly model compassion and generosity.

WATCH Change Grants

In 2020, WATCH was pleased to recognize Angie Caton, Rhonda Hammond, Adam Raulerson, Brian Ellerbee, Robin Ketchum and James Reinhart for submitting improvement ideas for funding consideration through the Change Grants program. Launched in 2019 as a way for employees to submit innovative ideas to improve the patient, visitor or employee experience, Change Grants are designed to give voice to all our healthcare heroes across the system. Through a Change Grant, these clever employees are helping to bring:

- Cognitive Behavior Therapy training to Laurelwood staff to implement consistent, structured practice that strengthens the quality of patient care
- Simulation training programs to include COVID-19 and other negative pressure room situations
- Room renovations to provide respite and privacy to nursing mothers in Barrow
- Complimentary books to promote reading to our youngest and most fragile patients
- Outdoor seating areas for long-term care patients, visitors and staff at Lanier Park
- Critical remote education access for patients facing chemotherapy

NGHS is thrilled about the response to Change Grants and the exciting projects that will have an exponential impact for many years. Thank you to all WATCH employees who, not only give of themselves beyond the bedside, but also bring compassionate and thoughtful projects like these to life.

Love Light

VIRTUAL CELEBRATION SUPPORTS HOSPICE

Hosted virtually in 2020, the Love Light Celebration was truly touching. Love Light donations to Hospice of Northeast Georgia Medical Center are made in honor or memory of loved ones and were celebrated during a live, virtual event broadcasted across our region.

A special thank you to the Northeast Georgia Health System Auxiliary's 2020 Community hosts: Dr. Frank and Jane Lake, Zack and Lauren Tumlin, Charles and Diane Stephens, Ronald and Pat Tucker and Dr. Patrick and Ellen Toms.

Pictured below, families shared their experience and gratitude for the compassionate care their loved ones received.

SAFE KIDS SUPPORT CONTINUES

The pandemic may have caused the cancellation of Marketplace 2020, but it did not deter the Marketplace committee from raising funds for Safe Kids Northeast Georgia. Because keeping kids safe is always important, the NGHS Auxiliary, NGHS Foundation and Safe Kids continued to support community partnerships, advocacy, public awareness and safety equipment distribution throughout the region.

Last year, Safe Kids' teen suicide prevention program, which includes local school curriculum and education efforts, made a crucial impact.

Marketplace 2020 tri-chairs Ashley Sliger, Natalie Challen and Brittni Curtis have graciously volunteered to chair Marketplace 2021. Our deepest gratitude goes to Willis Investment Counsel for serving as the Marketplace premier sponsor for the 12th consecutive year.

THE JAMES H. DOWNEY SOCIETY

We are so grateful for our thoughtful, compassionate, engaged and driven physicians. After a year when so many have lost so much, it is a great honor to recognize this group of philanthropic and civic minded physicians.
