

# NORTHEAST GEORGIA HEALTH SYSTEM

## Who We Are

Northeast Georgia Health System (NGHS) is on a mission of improving the health of our community in all we do. Our team cares for more than one million people across the region through four hospitals and a variety of outpatient locations. Led by volunteer boards made up of community leaders, NGHS is a not-for-profit health system – so all revenue beyond operating costs is returned to the community through improved services and innovative programs. Visit [nghs.com](https://nghs.com) to learn more.
