## Georgia Minority Health Advisory Council Addendum

Because of Georgia’s racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems’ ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? *(Check the box, if yes.)*

**If you checked yes, how many?** 0 (FTE's)

What languages do they interpret?

0

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? *(Check all that apply)*

Bilingual Hospital Staff Member

Bilingual Member of Patient's Family

Community Volunteer Intpreter

Telephone Interpreter Service

Refer Patient to Outside Agency

Other (please describe):

Video (Language & ASL)

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
0	0	0	0	0
0	0	0	0	0
0	0	0	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

Classes on cultural competency awareness are provided for existing staff. Several staff members

have been identified and trained as certified interpreters. Each year, during the annual mandatory education, an employee's cultural awareness is discussed including the usage of interpreters and their importance in communicating with non English speaking patients. In general orientation our new staff are trained about the Interpreter Program. Discussion involves how to access interpreters and usage of the language line for various types of languages. New staff receive information that incorporates cultural awareness in communicating and providing care to patients and their families. The organization offers Interpreter skills training classes which include medical terminology.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

None needed. We offer a web page for LEP patient needs, badges to identify all assessed interpreters, wireless interpreting device for LEP and hearing impaired patients, as well as telephonic interpreting line and document translation program.

6. In what languages are the signs written that direct patients within your facility?

1. English with some Braille      2. Visual Wayfinding      3.      4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes)

If you checked yes, what is the name and location of that health care center or clinic?

Health Care Centers/Clinics include: Hall County Health Department, Good News at Noon, Health Access Initiative, MedLink, Community Helping Hands Clinic, Good Shepherd Clinic, Community Helping Place, Good Samaritan Health Center of Gwinnett, Open Arms Clinic, Georgia Mountain Health

**Title:** Chief Operating Officer

**Comments:**

E.5 - The transfer data include both transfers to non-Northeast Georgia Health System facilities and transfers/transport within the Northeast Georgia Health System.

E.9 — The reported ambulance diversion hours were only for psych, not for all services.

F.1b — Ambulance trips data reflect EMS arrivals at the hospital.

F.1b — Hospice and respite patients are estimated based on system-wide 2021 experience of Northeast Georgia hospitals.

G. 3 and 4 — Effective January 1, 2021, the system has a unified medical staff, meaning that most physicians are on the medical staff of all Northeast Georgia hospitals.

G.4 NGMC Lumpkin physicians do not report Medicaid/PEHB plan provider status to the hospital. NGMC Lumpkin has attempted to gather data regarding physician enrollment in those programs, but recognizes that its data are likely incomplete. NGMC Lumpkin also recognizes that it is very likely that a greater number of its medical staff are enrolled providers in those programs than reflected in the data reported here.

Minority Health Addendum - Part 3. NGMC Lumpkin does not have reliable data to report.

Minority Health Addendum - Part 6. Signage on the hospital campus utilizes universal symbols and numbers to direct non English speaking patients to the appropriate locations. Signs are marked with braille lettering to assist the sight-impaired in locating their intended destination.

Nursing Addendum—All Northeast Georgia system hospital nurses with multi-state licenses are shown on the nursing addendum submitted with the NGMC AHQ.
